# My Cinderella Story Part 1

I pushed my bangs outta my face and continued to walk down the hall.Students constantly bumping into me and always saying"Sorry didnt see you there."I never answer but in my head im

always shouting"Why would you!!!"I turn a right and bumped into the new guy that already got hit by the popular crowd."Sorry"I said and walked in the classroom.5th hour biology was all I needed.

My favorite subject I sat in the very back with no one sitting beside me.I'm the girl no one notices but the teachers.I saw the new guy sitting next to Jenifer Thee Bitch of the school also my

stepsister.I dont know what guys see in her but I do kno I wouldnt do anything to be a slutty bitch like her.I liked being me evn though I dont get noticed I didnt care.I reached into my bag and

grabbed a book I was recently reading.Lock and Key by Sarah Dessen.Finally the bell rung and I put my book down wanted to continue.I sighed and keep up with the class.Since I've already

learned this from my sister thats 24 and is married.I kinda just tuned out doodling on my notebook.Finally class ended and we had a 3 page homework thats gonna be due on Monday since it was

Thursday close to the weekends.I packed up everything and got up from my seat staring down and walking away from the students.Clearly not all the students.I bumped into the new guy again and

said,"Sorry."and walked away.I disappeared into the halls where no one could find me.Almost no one."Hey Cindy!Wait up will ya?!" said Carter."Hurry up Carter or we'll be late!"I said.We walked

to 6th hour gym and parted.I walked to the girls locker room.It was filled with girls huddled together all about the new guy."Hey did you kno he-,""*Squeals*When he looked at me I-"I sighed,

these girls never get tired of talking and gossiping.I went to my locker and grabbed my gym outfit we all had to wear.Black shorts and a yellow

tee.I quickly changed and walked out meeting up with Carter.Carter's been my friend since kindergarten and ever since then we've been the best of friends.Yes,Carter is a guy and has no feelings

more than a friend.Besides being like a older brother I never had.We were having a free day at so me and Carter just walked the track."So did you find a girl to the dance yet?"I asked.We were

going to have a Black&White Ball next Saturday.When you see our school the first thing

you'll notice is the big banner saying"Black&White Ball Sunday March 13!"He sighed and said,"No, how

'bout you?Find a guy?"I rolled my eyes,"Please like a guy would ask me out thats not Carter."we both laughed at that."How 'bout we just go but not as dates just walk in together dance, have fun."I

said."Works for me!"said Carter I laughed, that was turned to an ow as something hit my head.We were close to the football game that the guys were playing.I picked up the ball and said,"GO

ALONG YOU NO AIM IDIOTS!!"I threw the football with half effort but it hit a playing in his stomach."Come on Carter lets go!!!"We took off running and on the corner of my eyes I saw the new guy

whose name I still dont kno smile.When we got to the gym we were panting like a dog.We sat on the bleachers to col down."You kno they're gonna come after you right?"said Carter after we

stopped."Yep, but I dont care.I mean I could always disapear somewhere.No one notices me."I said."Well

maybe they did after that throw."I laughed and shook my head."Maybe."Outside we heard

the coach whistle and everyone was coming in.I heard someone say,"Man that girl was good!Who knew she could throw like that!She got Dustin real good."I smiled and walked to the locker room.

"Did you see that?There was someone that threw a football at Dustin!Right in the guts!I They said it was a girl too!Who do you think it is?"asked Jenifer."I think its...probably...Claire.Shes a

tomboy that probably could do that."said a girl named Jane."Maybe."said Jenifer popping her lips on 'be'.(she was aplying lip gloss)"Come on!"They left and walked out.I sighed and changed

quickly.I met up with Carter again and he brought me home."Ready to face your doom?"asked Carter.I laughed,"Yes I'll see you tomorrow k Carter."I waved to him and opened the door.

"Cindy! I have a book report thats due on Monday.The book is The Host and its HUGE!! Good

Luck reading it!And I better get a B+ dont give me a A or else they'll kno."said Jenifer then she

walked to her mom and said,"I'll be at Janes! Wont be back till 10!""Okay have fun sweetie!"I turned the corner and I saw Jenifer 'accientdentally' spilling her drink and and stepmother told me to

clean it up.While I was cleaning up Stepmother walked out of the room and Jenifer spilled the rest of her drink all ovr me."Jenifer!!"I shrieked as the cold drink ran through my hair.Luckily

Stepmother did not come."Dont play dumb with me! You through the football on my boyfriend's stomach! How could you do that!Thats your punishment.Your lucky I covered for you!"She was right.

She could've got me bad but today she was in a good mood.She always was when she got a new boyfriend.But does that mean?"I wasnt aiming at your boyfriend I was just throwing it back to

them so they could continue to play."I said.She looked at me and

she just sighed and said,"Doesnt matter I'm going to be at the dance with Brad I already broke up with him.The only reason why I'm not gonna do anything is because Dustin is such a weakling!

And because I found out he was going to break up with me but I did it first so thanks for paying him back."and with that she left."Wow shes in a good mood."I murmured to myself.I walked up to

the attic where my room was and started her homework.Since I already read The Host I could just sum it up of whats it mainly about.When I was done I started my Biology homework and got 1

page done before I had to start dinner for me and stepmother.I was halfway through until stepmother came in and said,"Cindy! Have dinner ready soon and go pick up your sister!We have

important people coming over in 1 hour!So hurry it up or no cell for 2 month!Plus allowance!"I hurried with the cooking and had it layed out on the counter.I walked-no ran-to Jane's and when I got

there I was greeted by her mother who was very nice to me."Hello Cindy!What brings you here?"she asked."Sister!"I manged to say."Alright."Soon Jenifer was in front of me."What?"asked

Jenifer."Home now.Mom's orders."Jenifer reacted fast and she even let me ride with her this time.Mother never wants her to come home from anything.But when she does that means some thing

important.And when its important Jenifer needs me or else things go wrong.We hate each other and she thinks I'm not important but when important people come over she's counting on me alot.

When we got back she ran to the door and said,"Hurry up Cindy!"I got out and we got in the house.She changed while I had to wear my 'uniform.'Everytime people come over thats important I

have to wear this maid outfit.I serve them and when they leave I eat whats leftover.Its better than eating nothing.30 minutes later they were here.I opened the door and said my line."Welcome!

Please come in.May I take your jackets?"I gave them a warm smile.A lady smiled back."Why thank you."I took her coat and put it in the closet.There was a man. a woman, and a teenage boy I

didnt get a chance to see his face."Please sit while I get dinner set up."I walked back into the kitchen and set the table.I walked in and made no eye contact and said,"Dinner is ready follow

me."I led them into the dinning room and left to go to the kitchen.I came back with a tray of water and gave one to everyone.I was getting the salad and was almost there but stopped in my

tracks when I heard,"Where have you found such a obedient maid Vivica?"asked Jasmine."Her mother died giving birth to her and her husband and I married.He died trying to save her from a

car."said stepmother.I walked in and served them salad.I noticed who the boy was.He was the new guy at school.Jenifer was flinging herself all over him.I was fighting a laugh and manged to

serve them their food before laughing in the kitchen.I shook my head then got the second course ready.I had bowls of Minestrone soup and it was getting hot and heavy under my hands.I quickly

served them before it would drop.I accidentally brought an extra one out and was bringing it to the kitchen but I fell hot soup fell all over my outfit and got Jasmine's dress.She shrieked so high

pitched I though our windows were gonna break.God woman!Its only a dress!"Cindy!Hurry up and change! In the mean time had over your phone now!"I got up and reached into my pockets and

got my phone.I gave her my phone and she slapped me hard my faced turned red.It did not hurt me but it did to my skin.I ran up and changed to another maid outfit and ran down when I heard

my name being called.I walked in the room and went up to Jasmine."I'm sooo sorry! It was my fault for being clumsy like that!Please forgive me."I bowed my head and some of my back.

(japanese style)"You are forgiven-"Jasmine said.When I heard that I stood back up straight."-It is only a dress I can get a new one.""Thank you."I bowed my head again and stepmother

said,"Cindy go get the third course.""Yes mother."I said and walked to the kitchen.I got the shrimp cocktail and gave everyone one.While they were eating I took out a rag and cleaned up the

spill before it dried and left a stain on the cream color carpet."So as I was saying I really need you to help me get my store noticed."Stepmother owned a store that sells cosmetics and clothes.It

was famous for a few weeks but now she get a few customers.We are very rich but we're going to be out of business soon.The people who came goes on T.V.I cleaned up and took the cocktails

away and brought out dessert.Chocolate moose.I gave everyone one and walked back into the kitchen and ate my Minestrone soup and had a bit of shrimp cocktail before stepmother called me

in to take away the dishes.I ate Jasmine's share of it because 1)she didnt eat it.2)mother always tell me to make enough for the guest and none for myself.I finished and cleaned the plates and

walked back to get their drinks."We'll see what we can do."said Jasmine."Come on Charm lets go."Charm was the new guy and he gladly got up and pushed Janifer off of him.Way to go!I

thought to myself.Jenifer huffed then got up and followed mother as I led them to the front door.I got Jasimines coat and gave it to her."Thank you for coming Mr. and Mrs.Prince,"I said,"Hope you

had a good time go home safely!"I smiled and closed the door when they left."Cindy you are grounded for a month that means no cell phone and T.V."said stepmother."Yes stepmother."

Just then someone rang the door bell.Stepmother yelled, "Get the door Cindy!"Jenifer was upstairs already talking to Jane about tonight.I sighed and opened the door.It was Charm."Oh hello did

you forget anything?"I asked politely."Yes I forgot my phone, it must've fallen out of my pocket."replied Charm."Alright come in."I said.I led himin the dinning room and gave him his cell

phone."Very nice phone."I said.It was a RIM BlackBerry Pearl 8120."Ok you can stop acting like that you kno."said Charm."Thank god!"I said,"Seriously nice phone.""Thanks,you're the girl who

through the football at Dustin right?"I rolled my eyes and said,"Yes I'm the girl who through the football and threw it at a football player,who cant even handle a throw from me!"I looked at him and

said,"No one knew it was me.Well almost no one."He ran his hand through his deep brown hair and smiled,"Well I gotta say, nice throw.""Thank you now leave before Vivica comes here.See you

at school.""Uh yeah see ya."said Charm and with that he walked out of the door."Cindy?Who was it?"asked Vivica."A bunch of kids playing ding-dong-ditch.I saw them run from where they were

hiding."I lied smoothly."Hmm..Okay go to bed now."You dont need to tell me twice.I walked up the stairs and got in the shower.When I got out I went to my room and fell asleep instantly

Chapter 2

# My Cinderella Story Part 2

I was

awaken by Jenifer pouring ice cold water all over me.I shivered and got out."Cindy!Make me breakfest now!""Alright"I walked out shivering still but made her eggs and cut ham for her.She finished

and drove to school.Leaving me at home.I cooked a omelette for Vivica then walked to school.It was a 10 minute walk but a 5 minute run.I had 10 minutes before the final bell rung.I ran all the

way there and bumped into Charm.I didnt even say sorry as I ran to class.I didnt look back as I made it to

class.I was panting really bad.I was back to normal before 1st period started.The day

went by as it does everyday.No one notices me but Carter who secretly crushes on Jane and my sister that ignoes me until we go home.Weekend was here already and Carter took me home

and stayed to hang out.First we finished homework than we watched a movie.Underworld.Its the most amazing movie ever!I think during the end we fell asleep.But were quickly awaken by a

doorbell.I looked at the clock it was 8:30 pm.I streched and yawned.I looked at the door and saw Charm looking at me.He probably saw me with Carter like that.I gave him a small smile and

waved.I yawned again and walked to the door."Here on a date with my sister?"I asked."Actually I came to deliver half good news half bad,"said Charm."Alright hold on."I decided to mess with

Charm as I walked over to Carter and pretended to kiss him on the lips."Stepmother!Charm is here and

would like to talk to you!"I shouted."Dont yell at me misssy!"snapped stepmother.I rolled

my eyes when she wasnt looking.I sat on the couch and rested my head on his shoulder.I whispered in his ear."I'm gonna pretend like you're my boyfriend k.Just to mess with Charm."He smiled

and nodded.were just cuddling and talking quietly.Finally they left and we fell quickly asleep.I woke up and realized that Carter was sleeping under me still on the couch.I shook him awake.I

rubbed my eyes and found a note.

Going dress shopping have this place cleaned up before we get home

Vivica

I groaned."Hey Carter?I'm gonna brush my teeth tell me what you wanna eat."I said."How 'bout pancakes?"asked Carter.I smiled,"Sure"I walked upstairs and brushed my teeth.I gave Carter a

cup of mouthwash and a cup of cold water."Here."I said holding out the cups."What?!No way!"said

Carter."Well you have no toothbrush."I said."True, fine."I smiled and handed him the cups.He

walked to the sink and when he was done he asked where his pancakes were.I laughed and said,"On it!"When I was done Carter and I ate and was talking about what we could do."How 'bout

dress shopping?"asked Carter."How 'bout cleaning up this place?"Jenifer sure did make a mess here.But its Jenifer we're talking about.Carter helped me out and we were done at 3:00 pm."Hey

Carter can we go to my sister?"I asked."Sure, lets go before they come home."We went to my sister's house and played with Erica,(her sister's baby.)."Hey Cindy, dont you have a Black&White

Ball soon?"asked my sister,Ella."Yea,"I said,"Why?""Well I was wondering if you had a date to the dance."said Ella.I sighed."No I do not have a date.""Why?"asked Ella,"No guys you

like.""Nope,I'm just the girl no one see's.You kno that."She sighed and looked out the window."Thought

you started to get noticed."She looked back at me."Come here."said Ella she got off

the couch and walked to her room.I followed her when I walked in the room I saw what she was holding.Mother's dress."Mother's dress."I whispered.Ella nodded and gave it to me.

"You are going to wear this to the dance.Bring Carter with you.I kno you two dont like each other that way but just do it because its better than being dateless.When people see you in this they'll

kno you.You'll have a mask on anyways so you wont be another girl in the crowd.You'll be thee girlat the dance.I dont care if Jenifer is the queen of the school you are going to top her.Do you

kno why?Because I am going to take you to get a makeover on Saturday 2 hours before the dance."I opened my mouth to object but couldnt."Stepmother will not let me go.She's going to make

me do something big and I kno it.She's gonna make sure I dont go and ruin it for Jenifer."I said in a

rush."Whatever it is just call me and I'll be there to help you."responded Ella."She took me

cell away."I said."Take mine.Call my house phone I'll be here all Saturday for you.Please just do this.I kno you!You want to go!"said Ella.I looked at my sister's determined face and I

agreed."Thank you sis!""No problem!Just remember dont get caught with this."She handed over her cell phone top me and hugged me."I'll fix up the dress to make it look better in the mean time

I'll keep it with me so it will be here.You have to call me so I can pick you up.Okay.Now go home before she does.Now!"She pushed me out of the room and I grabbed my shoes."Carter!We're

leaving!Gotta get home before they do!"I said."Okay lets go!"said Carter at the door opening it for me.I ran out and got the car started and we left.We made it before they did but a few minutes

later they were home.We pretended to be cleaning still, and they ignored us.When they walked out I told

Carter he had to leave.He left and I ran up to my room.When I reached there I layed on

my bed hearing my sister's voice echoing in my head."Cindy!"called stepmother."Come down and make dinner!""Alright!I'm coming!"I ran down and prepared dinner.Now that I thought about it,

Jenifer hasnt done anything to me.Weird.She must've got some dress.

Chapter 3

# My Cinderella Story Part 3

Stepmother wated some fish tonight so I steamed a fish that took a while and made a lemon sauce with it.She just wanted

the fish only while was weird.She and Jenifer finished it all and asked for chocolate moose.I tasted some first to make sure that they'll approve of it.I served them their food and ate some

fish.Since I dont eat too much here I'm used to feeling hungry that when I do eat its very little.The week went by the same as always.Though somehow it feels different.Soon Saturday rolled over

and all day Jenifer has been going in and out of the house.She got a makeover and got her hair and a loose bun.She's wearing a black dress that is tight on top but loose on the bottom.

She puts on too much makeup making her skin look very pale.She has on red lipstick with pink lipgloss making a pretty combonation."Stepmother!I'm going to Ella's house!"I said."I'll be gone

at a paryt till midnight.When I come back this place better be spotless!Or else you'll be locked in your room for a week.One meal per day."said stepmother.I left the house and called

Ella."Okay pick me up now."I said.A minute later she was already here."Get in!"said Ella.I ran up to the car and we drove off.She took me to a hair salon.They put my hair down in curls

making my golden hair look like an angel's.We were at the salon for an hour that means only one hour to

get ready."Ella lets go!Only one hour before the dance!"She rushed me out of gave

me a white glittery mask the goes over my eyes.We were at her house and we ran in.Ella went to her closet to get mother's dress out and it looked beautiful.

With the mask it was a perfect outfit.

From outside I heard Carter honking."You look beautiful Cindy"said Ella."By the way stepmother wanted me to clean the house the whole house.before she gets home."I said,"Alright.I'll be there

and make it clean before you get home."said Ella."Thank you sis!"I quickly hugged her and put on my mask.I walked out of the room and saw a smile spreading across Carter's face."Ready?"I

asked before blushing.He led me to the car and we drove off to school.Carter helped me walk up and down the stairs so I wont fall.(wearing heels)

http://www.splendicity.com/files/314/2007/07/stiletto.jpg

"Wow!This place looks amazing!"I said completely awed."Cindy!Come on!"We moved out of the darkness and into the light.When the lights hit my dress it sparkled like diamonds.I smiled.Carter

helped me walk down the stairs and I saw almost everyone's eyes on us.I was no longer the girl in the crowd.Ella was right.I was thee girl at the dance."I'm going to get us punch k.Try not to

trip."said Carter.I laughed,"Sure thing Carter."I took careful steps forward and surprisingly I didnt fall yet."Hi.Would you like to dance?"He smiled.I smiled back,"Sure."My mother was a dance

instroctor and dancing comes natrually to me.When we got on the dance floor a tango song played.My favorite type of dance.Surprisingly enough he knew it as well as I did."Your pretty good."I

stated."Not bad yourself.Lets see how good you really are."said the mystery guy."I was just about to say the samething to you."He kept up with my dancing as well as I did with his.I noticed

that we were center of attenchen.I saw Jenifer's angry face as she held onto Brad.I saw Jenifer whisper something in Jane's ear.They both had a evil smileon their faces.And now I knew why.

Jane and Jenifer had a punch bowl in their hands.I changed spots with mystery boy quickly but they didnt.They spilled the drink and he fell.His mask came off and his suit was soaked."Charm?"

I said.He looked up and reached for my mask.I was willing to let him see me but I heard the DJ."15 minutes till midnight people lets hit it off with Just Dance by Lady Gaga!""15 minutes?!"I said.I

searched for Carter looking in the crowd.I found him with a certain girls lips.Jane's."Carter lets go! Hurry! 15minutes!"He broke away and took my hand."Why cant it be 10!I was having such a

good time!"said Carter."Sorry Carter not my fault!"I said.I checked the pocket Ella had sewed on the bottom of the dress to keep her phone.I reached down but the phone was gone.I turned

around and saw Charm holding my phone.I was half way there.when Carter shouted,"Cind-" but I saw Charms lips say,"Ella"Ella's phone on the back has her name on it in rhinestones.I turned

making a split second moment.I left my phone in the hands of Charm.Charm.He was the mystery boy.When we reached his car he was speeding to my house."Charm.He's the boy I was

dancing with."I said."Charm?as in Charm Prince?"asked Carter."Yes.And he heard you say Cind-,thats all.But he has Ella's phone.Now he probably thinks my name is Cinderella."I rolled my

eyes."So are you going to ask him for it back?On Monday?"asked Carter."I cant.I'm a girl in the crowd but tonight I was THEE girl in the crowd.Once he find out who I am he'll just return it then

get out of my life.It's best if he doesnt kno who I am."I said."You dont kno that Cindy."said Carter,"What if he likes you huh?Then what?A line of girls will be willing to pretend to be you tonight."

"True,but he'll kno its not them.He wont find out who it is because I'll never show myself."I said."Cindy you cant stop going to school.He'll kno its you then."said Carter almost to my house."Thats not hat I meant.I meant I'll just make myself even more invisible then I already am."I said

as I climb out of the car.I ran up and opened the door."Ella!"I screamed,"You have to go now! Before SHE gets here!!"Ella came running down the stairs and grabbed her coat and got her heels in."Your phone I dropped it but you NEED TO GO!"I said."Alright!You better get it back for

me!"said Ella as she rushed out the door.I ran up to my room and heard the front door close as I got to my room."CINDY! GET DOWN HERE

RIGHT NOW!"yelled stepmother.I took my dress off and grabbed my bathrob.I ran down the hall and walked down the stairs."Yes

stepmother?"I said as I reached the bottom of the stairs."Did you do everything as asked?"she said and in walked Jenifer."Wheres your crown?"I asked her.She groaned and said,"Some girl took it but she wasnt even there so they are going to give it to her at school tomorrow

and when I find out who it is I am going to ruin that girl."She stomped off up the stairs.I watch stepmother go upas well."You are done here Cindy you may sleep."I waited and watched stepmother go to her room and locked

the door.I dashed upstairs and hid my mother's dress in my chest.(you know like those chest where you can store things in? Like treasure chest? Lol!)I stacked books on top and locked it away with the key.I walked out to the bathroom and took a nice hot shower and felt so tire I

collapsed on my lumpy bed. I yawned and fell asleep within seconds.

Chapter 4

# My Cinderella Story Part 4

When I woke I thought yesterday was a dream, but when I got to school I knew clearly as well it wasnt one.It actually happened. I was the girl who was going to be crowned queen, only if I couldve stayed longer. I

walked the halls of my school slipping into invisible to others but I had a feeling someone was watching me. I slipped into class and became invisible in the back. The day went on but by 3 period something I did not expect happened."Hey! I found a girl's cell phone and I want to return

it. But I dont know who it is."said Charm's voice in the halls, the classroom and the bathroom. He was on the announcements."So come by to the table set up at lunch and claim it if you are her."he said and got off.I saw Carter and he looked at me. We met up halfway,"You see what'd

I tell ya!"said Carter as we walked to 3 period."But he doesnt know its me I am so safe."I replied."So! He will find out soon, soon the whole school will know."said Carter."Even if the whole school knows you will always be my best friend you have nothing to worry about."I said giving

him a warm smile.He smiled back,"I wasnt afraid of that, I was afraid of you getting hurt.I dont want to see you hurt Cindy."said Carter as he wrapped his arm around my shoulders. I leaned my head on hi arm,"Thank you I appreciate it but I wont get hurt, you can count on that."I

said."Promise?"asked Carter looking down at me,"Nope!"I said and smiled and laughed.He joined in and we reached our class. I walked to the back and Carter sat in front of me.By the time lunch rolled by I

had completely forgotten about what Charm had said.Until I walked into the

cafeteria.Girls were saying rude things and saying something about 'no cutting!' only then I remembered. There was a line of girls waiting to prove that the girl Charm danced with was them. I walked away to my usual table with Carter."Have you seen these girl?!"I asked him when I

was sitting down,"They are so full of it!"I said and snorted.He laughed,"Well this is what you get for not telling him."he said and took a big bite from his sandwich. Probably trying to avoid not talking to me.Well he was wrong, I continued to talk and ask questions soon lunch was over

and I heard Jenifer arguing to Charms that she really is 'the one.'"I AM HER! I WAS THE ONE WHO DANCED WITH YOU AT THE BLACK AND WHITE BALL!!!"she screamed at him."Well, well someone has a temper."said Charm teasingly, I could tell Jenifer was getting angrier

each minute."You see the girl I danced with was nice and a good dancer."Charm continued."I am a good

dancer! and I happen to be the nicest person at this school! I'm just mad because you wont believe me!"she said."Prove it."said Charm getting close to her face.She was leaning in

to kiss him but he moved his lips out of her reach."Dance with me."he said and started a song.Jenifer started to grind him but he stopped her and she fell on her butt,"Whoa there, I meant dance not like dance at a club."He said as he helped her from the ground."Sure I can do that,

what kind of dance?"she asked looking at him straight in the eye."Tango."he said and changed the song to the song we danced at. It was funny seeing my stepsister trying to tango.She kept on stepping on Charms foot. After the first 30 seconds he pushed her away and said,"Yea

you are defitly not her, she can dance you cant."and walked away. Me and Carter walked to gym and went to change. Everyone was talking about the mystery girl."Oh yea! I didnt get a chance to show Charm that I'm actually the girl he dance with-" and "You are not! I am!" It filled

the locker room and the hallways. Two days went by and still no luck. I was avoiding him as well as disappearing so much that I think I could be labled as a new kid. I was walking down the hall and taking to Carter when Charm was speaking on the announcements again,"Look, I know your out there and I wont stop till I find you meet me at Prince Ball every girl will receive an invitation."and he was off.

# My Cinderella Story Part 5

I walked to my locker and opened it to get my next class text book.And thats when I saw it.A golden envelope."Wow, Charm wasnt kidding when he said he gave every girl an invite to this party."Just then Jenifer showed up,"Invite now."she said and snatched my invitation."Yea go a

heard and take it, I wasnt planning on going anyways."I said closing my locker."Good"she said and walked off with her heels and my invitation.The days went by and on Friday I went to Ella's house and told her."You should go! And wear the same dress so he knows its

you."she said and smiled."But Jenifer took my invite and you need one to get in."I explained to her."Then take it back from her!"she said as if it were that simple."Impossible, she would know right away."I said sighing."Make a decoy one she'll never know the difference.She too dumb

even if she is my blood sister I dont like her."said Ella laughing. I smiled, Ella was so nice and caring and the complete opposite of Jenifer."Okay but you need to help me. Now the ball is tomorrow and you will ask stepmother if I can stay over so that way we can go in and

out and I will not get in trouble, I will replace her invite and keep it here with the dress and mask and heels."I said."You are becoming more and more of a trouble maker."said Ella with a devious smile on her lips."Yes, yes I am."I said and smiled.We spent the time planning and

Ella called Stepmother and she agreed. I went home and packed everything I needed. I put my dress and heels and mask at the bottom and baggy clothes on top. I zipped it shut and ran to the car and hopped

in."Got everything?"she asked."Yep."I said and we were gone.

I was sleeping in the guestroom, I layed out the dress on my bed thinking of the part of me how I was happy to dance and was the center of attention. Even if know one knew it was me if felt good to be noticed. I jumped when someone knocked on the door."Come in!"I said.Ella

walked into my room and sat down on the bed. I sat next to her and yawned."You must be tired, what did stepmother make you do this time?"asked Ella wrapping her arms around me."Nothing, just become Jenifer's slave for the day*yawn*"Cindy get my make up kit, Cindy go

to wallmart and get me the cherry red lipstick" so tiring."I said, Ella took my mother's dress and hung it on the closet door."Come on time for you to sleep. Or else you cant dance tomorrow."said Ella as she walked out my door. I pulled the covers up and drifted to sleep.

**Her Dream**

I walked down a huge staircase and saw that everyone's eyes were on me. I saw Charm in a nice black tux with no mask on. It was quiet and i heard my heels clicking as I go down. I saw a bunch of girl's envy and knowing that I am the girl Charm danced with because of how I looked.

When I reached the bottom Charm came up and asked to dance."Gladly" I said. Suddenly a salsa dance came on."Perfect for my dress.," I said pointing at my dress,and we hit the center of the room. We were dancing just fine until I heard someone scream."LISTEN! CHARM GAVE ME THIS INVITATION! WHAT DO YOU MEAN

IT'S A FAKE!"I heard Jenifer yell at the guard. She looked behind him and narrowed her eyes at me and before you knew it she came in here running and grabbed my mask off. I just stood there shocked and so did Jenifer and Charm."YOU!"they both shouted at me and I ran. I ran out

of there as fast as I could on these heels."WAIT!"said Charm and grabbed my arm."LET GO OF ME!" I shouted and tried to get free."NO! I HAVE BEEN

SEARCHING FOR YOU FOR DAYS! YOU WOULDNT EVEN SHOW WHO YOU REALLY ARE!."he scremed at me."YOU

WANT TO KNOW WHO I AM!"I shouted at him,"I AM THE GIRL NO ONE KNOWS I HAVE ONE FRIEND AND NEVER HAD MORE THAN THAT! I WAS THE GIRL INVISIBLE TO EVERYONE BUT MY FRIEND! HE KNEW WHERE I WOULD BE HE KNOWS EVERYTHING ABOUT

ME AND HE SEE'S RIGHT THROUGH ME! THEN YOU CAME ALONG AND-" he cut me off by kissing me. And let me tell you, it was the best kiss ever!!! I shoved him away to show him that I didnt like him. Though I secretly did."Leave me alone!" I said he gave me Ella's phone

and said,"Sure, Cinderella" and walked away. I called Ella and told her to pick me up. When she got there she knew something had happened."What happened?"she asked."Jenifer showed up and took my mask off and now everyone knows who I am." I told her looking out

the window."And Charm kissed me." I whispered but I knew she heard it."What was that?"she said a smile spreading across her face."I said Charm kissed me!" "And what did you do? Kiss him back!?"she asked excitedly."No I shoved him away and called you." I said still looking out

the window."WHAT?! WHY?"she said making my wince for how loud she was."It was the best kiss but I dont want to get hurt." I said looking down at my hands.

Chapter 6

# My Cinderella Story Part 6

I woke up gasping and sweating. I looked at the clock and it read, 3:00 a.m. I groaned and flopped back down trying to go back to sleep. I looked at the clock again and 30 minutes had pasted. I knew I wouldnt make it through the night so I took sleeping pills. I was asleep in a

matter of seconds. I dreamed of nothing this time and was glad. It all felt too real, and so, so good. I thought of that kiss in my dream it had really felt as if he had kissed me. I decided to wear a red dress and red heels with a red feather mask. I was pretty sure that the salsa dance

was going to happen. I woke up at 10:30 and asked Ella if we could go dress shopping to buy a red dress and heels. I was going to borrow her red mask. She brought me to her bedroom and curled my hair and applied eyeliner and mascara.(Btw to girls I would never wear mascara or

eye liner ever in real life! I have no Idea y girls like it so much! But yea, you know mascara is made out of Bat poop?? Just thought I'd let u kno! LOL) She applied glittery red eyeshadow and cherry red lip stick making me seem, well not me. I opened the invitation and it read,

Prince Ball at 7:00-12:00 5683 Carriage Bridge Dr.

And that was it? We got there at 7:36 and I showed the person up front my invitation. He let me in with ease and I walked down these big stairs. I saw girls in white, black, pink, blue dresses but none were red. Wow,could I get MORE noticed?*note the sarcasm* I heard the

room growing quieter each second and saw all eyes on me. When I reached the step I saw Charm without a mask with a black tux."Can I please have my cell

phone back?" I asked with one hand raised, and the other on my hip."How do I know your the right girl?"he asked."Has

any other girl been like this?" I asked,"Has any other girl just straight away asked for their phone?" I looked at him as he shook his head no."I didnt think so." I said."Dance with me, then you can have your phone back."he said smiling."Sure why not a dance." I said taking his hand.

He led me to the center of the room and a salsa song came on."How did you know I was in the mood for salsa?"I said dancing with him."The way you're dressing."he said."Lets see if your better at salsa than you are at tango."I said and did more moves. He kept up with me but at

times he didnt."So can I have my phone back now?"I asked as the song came to an end and our faces inches away."How 'bout a kiss first?" he asked looking into my eyes."How 'bout no." I said and took a step back."Fine here's your-"he started but I cut him off by kissing him

full on the lips. But only for a second, and pulled away."Thank you for returning my phone." I said as I stared at his shocked expression.Suddenly I heard my sister's voice."Charm! Please tell your friend here that I AM invited to this party." I turned and saw Jenifer

looking at him with a golden dress on with a golden mask. Even if you dont know who she is just by the voice you'd know."Hey can you take her out? I have no idea who she is."said Charm.He turned to me,"Well its nice meting you Cinderella."he said with a smile. "CINDY! HOW

DARE YOU! YOU KNOW THAT CHARM IS MINE! AND HOW DID YOU GET HERE! DONT TELL ME ELLA BROUGHT YOU HERE! WAIT UNTIL MOTHER KNOW-" Jenifer got cut off by a guy as he closed the door making her words muffled."She's right, my name isnt Cinderella my

name is Cindy, now if you will excuse me."I said turning for the stairs."Wait!Cindy as in, Cindy the maid at Vivica's?"he asked.I turned around and looked at him,"Yes."and walked up the stairs. I

couldnt risk falling.I heard him running up the stairs but I didnt care. I tried going faster but

I didnt dare to run up.I reached the door and walked out. I felt Charm's hand grab my arm and turn me around but I didnt look at him. I just stared at my feet."Why havent I seen you since the night I went to Vivica's?"he asked me.,"Have you been staying home?" I finally looked at

him and saw confusion written all over his face."Do you know why you havent seen me?" I said,"Because I'm the girl no one see's! I have one friend, ONE FRIEND! The only friend I have since kindergarten. He knows where to find me, he knows all about me. He sees right through

me.He's been there for me and I've just been the girl who disappears. I have been going to school but no one knows who I am. Dont you see I am barely noticeable. I bet when we go back to school you wont be able to see me agin."

I took my heels off and ran. I ran a good distant and called Ella.She came and picked me up 6 minutes later."I'm dead.Jenifer came tonight and recognized

me."I said leaning my head against the window."How?"said Ella gripping the steering wheel tighter."Charm said,"Heres your

phone Cinderella" and Jenifer screamed my name and told me I was in big trouble.""Do you want to live with me?"asked Ella a bit of fear in her voice and concern."I wish but stepmother wont allow it to happen."I said,"But maybe you should come with me when you take me home. That

way she cant hurt me." there was little hope in my voice."Honey, I really doubt that'll happen."said Ella in a sassy voice I just had to laugh."Thanks."I said looking at her."For what?"she said half turned to me, half turned to the road."For being here for me."I said, she finally

looked at me in the eyes,"No problem. And you have to know, you are beautiful. People just dont see it."Ella said and turned back to the road

Chapter 7

# My Cinderella Story Part 7

I woke up gasping and sweating. I looked at the clock and it read, 3:00 a.m. I groaned and flopped back down trying to go back to sleep. I looked at the clock again and 30 minutes had pasted. I

knew I wouldnt make it through the night so I took sleeping pills. I was asleep in a

matter of seconds. I dreamed of nothing this time and was glad. It all felt too real, and so, so good. I thought of that kiss in my dream it had really felt as if he had kissed me. When I woke up at

10:30 I saw the red dress, red heels hanging on the closet door. I looked at the desk beside me and sure

enough the mask was there.And next to it was Ella's phone and the golden ripped

invitation that only read:

Prince Ball at 7:00-12:00 5683 Carriage Bridge Dr.

Did everything happen the way it happened in my dream? Or was that even a dream? Did I dream of a memory that was only last night? How come I couldnt remember anything?!I flopped back

down and wanted nothing but to stay there.Hidden. I never like attention I always avoided it.But when my mind started to go back to the dream when all eyes were on me, I..I..like it? I couldnt

explain it but I was starting to like it. My head started to hurt, but the image was stuck in my head. It felt like my brain was going to explode! Suddenly Ella came in and told me to sit up when

she saw my holding my head. She gave me Advil and the pain went away after a few minutes. "Are you okay? I mean you hit your head pretty hard."said Ella looking at me with concern."What

happened?"I asked feeling confused."You dont remember anything do you?"asked a very concern Ella."No."I said."You fell down a flight of stairs and you hit you head.Charm called me and I

came rushing there.You were unconscious and Charm help me to get you into the car. I was kinda hoping that you'd tell me what happened because no one filled me in on the details."said Ella.

I tried to remeber what had happened but came up blank.What had happened?"Cindy, I have to tell you something.Please dont get upset though."said Ella not looking at me."What is it?"I asked

her."Charms here."Ella said and dashed for the door."Ok, can you tell him to come here because I really dont feel like getting up right now."I said calmly, I needed answers and this is the only

way,I thought. Ella was so shocked at my response I had to say her name 5 times for her to snap out of it. Soon Charm entered the room."What happened last night?"I asked him as soon as I

saw the door open."Jenifer ran towards you and removed your mask. You ran up the stairs then fell. Your head was bleeding alot and Jenifer was scared. She was so scraed she couldnt move, I

think she was in shock."said Charm with no emotions."Jenifer? In shock?"I said in disbelif.Why would Jenifer go in shock just becauseof me falling? She torchers me, humiliates me, gets me in

trouble, and makes me her slave. It just doesnt make any sense!"Yea, well..."started Charm but was looking everywhere but me."What?"I asked him."After that she fainted and I carried her then

she..um..she-"I cut Charm off,"What?!Just say it already!"He finished in one breath,"Then she kissed me. She was only pretending! Makes sense now?" I looked at him who was looking at the

floor."Oh, that seems like her now."I said rolling my eyes. Though deep inside that hurt."What happened last night?"I finally asked him."Well you were dancing with me and then we heard Jenifer

screaming her head off at the sercurity guard and then somehow got through and yankled your mask off-"I completely zoned out aftert hat. All that was running through my mind was; OH MY

GOD! MY DREAM WASNT A DREAM AT ALL!!!!!

"D-did w-we-um...ever...?You know...kiss?"I asked him nervously as I bit my bottom lip. I felt my face heating up as I said this and a slight cold sweat broke out on my forehead as I awaited his

answer. He took my face in his hands, his oh so warm hands, he looked at me with his dark blue eyes(A/N: I dont know if I ever descibed him but....yea xD) and dark brown hair. He used his

thumb to remove my bottom lip from my teeth. He carssed my face in his hands and said one word."Yes," I closed my eyes and breathed."How?" "What do you mean?"asked Charm."How could

you have kissed me if I slipped on the stairs and got knocked out? Because I had a dream-or erm...I know what happened last night and I-"I drifted off. It didn't make sense! If I blacked out on the

stairs then how come I saw myself-or better yet was there in 1st person not like some person watching my dream.(A/N: Am I confusing you?? What I mean is tht the main character is not

watching the dream like she's a whole different person but still the same person...oh god I'm confusing ppl again! Um...I'll explain l8r) How did I go all the way outside and was in Ella's car when

he said I blacked out."I picked you up and called Ella. As I waited outside you kept telling me to put you down and when I did you almost fell. I caught you in my arms and because we're

practically the same height...we kissed."he said but whispered the last part."ELLA!"I screamed almost hyperventilating."What?!"bursted Ella in the room."Did I ever talk to you in the car when you

picked me up?"I asked quickly."Yes why?"asked Ella in concern."No reason."I whispered."Charm...can you...please...leave?"I whispered."Ella can you give me and Cindy a moment."I shook my

head no to Ella buit she just smiled sweetly and said,"Sure." I glared at her and she glares at me for a second before she leaves."Get out."I said. "Do you....regret what had happened?"he

whispered.Did I? Did I regret him kissing me? The answer is No. I didn't. I lifted my self from the bed and pressed my lips softly to his.(Remember he's still holding her face in his hands!!!)"No,"I

said after the kiss and layed down on my bed.After hearing the soft click of the door and the creak of his footsteps, did I smile and touched my lips. The kiss still lingered.
